

Tire Information Sheet

1. Racers can only qualify and race on these announced tires.
2. The Super Late Models, JEGS/Pro Late Models, and Late Model Stocks are required to purchase their qualify/race tires at the track on race weekend and leave in the tire impound, per series procedures.
3. Hoosier officials are expected to announce minimum air pressures that all teams must run at all times while on the race track.
4. Tires are currently going into production for the event, and are not expected to be available for purchase before April 20th.

Below are the list of tires and contacts for the purchases of each tire:
